PROAPPROVE

POWERED BY  CREDIBLY

Why use ProApprove versus other financing companies out there?

ProApprove says yes when our competitors say no! We approve financing for homeowners that other providers disqualify based on credit scores, bankruptcies, and other factors.

Why should you offer financing?

Offering a financing option gives you the opportunity to drive your sales to the next level by winning more projects while providing your customers with more flexible payment options.

How long until you get paid?

Payments generally process within one day after the job is completed after ProApprove conducts a final verification with your customer. Your payment will be submitted via ACH.

How do I offer ProApprove financing to my customers?

To start offering our financing products, simply fill out our online form and we will send you an onboarding package and verify your business licensing and insurance

Once I'm approved, how do I start using ProApprove with my customers?

You'll simply sign into our online portal and begin submitting all your customer applications today!

Where can I learn more about ProApprove?

You can learn more about ProApprove and how it can expand your business by visiting our website at www.credibly.com/proapprove or by giving us a call at (855) 277-6277.
